

The Sweetest Treat

Swarming around the beehive,
Dancing in the air.
The bees are quite an active bunch,
They have honey to prepare!

Wearing their royal uniforms
With stripes of yellow and black,
These spectacular bees work very hard.
They have to stay on track.

Busy! Busy! Busy!
Buzz! Whir! Whish!
From the nectar to the honeycomb,
And then to me—a delicious dish!

Honey is a dream that's pure and sweet,
True goodness and happiness in a jar.
Many animals enjoy eating it.
Honey is the best treat out there by far!

I like to squeeze some onto a spoon,
And take a little taste.
Then I put some on a sandwich,
None of it goes to waste!

Nibble! Nibble! Nibble!
Squish! Chomp! Yum!
Honey is such a treasure!
Don't you wish that you had some?
